

Important Facts Regarding CPR and First Aid

All programs require CPR -**C level** and **Standard** First Aid **except** Cosmetology and Esthetics, for which CPR - A level and Emergency First Aid will be sufficient.

Current certification is a **requirement** for both placement and graduation in all of our Health and Human Services programs. This is a **two-day** certification program, which you will need to obtain before your program begins.

Many of our Campuses offer these programs throughout the year, so please check at your local Campus for applicable dates. These programs are also offered through Red Cross(1-877-356-3226) and St. John's Ambulance (1-800-565-5056).

A collection date for proof of completion of these course will occur on your campus the 4th week of September.
