

Financial List

The following list contains all of the information required to complete the financial section of the application. To assist in your preparation for this section, take a look at the following items and document the amounts for each element listed.

Income

- Pre-study - *Pre-study period is the 8 weeks prior to the first day of classes in which you are enrolled. Please use net totals (after tax deductions).*
- Family - *This is considered as your parent(s)/guardian(s) contribution to your studies.*
- Spouse or Partner's Contribution - *This should be the amount your spouse or partner is contributing towards your studies.*
- Scholarships/Bursaries/Awards - *If you have received other scholarships, bursaries, awards than add them up and place the total here. This includes awards that are external to NSCC.*
- Sponsorship or funding from an organization/government - *Any monies received as sponsorship from an organization or government department (Employment Insurance, Department of Community Service, etc.) Remember to include the full amount of your sponsorship and not just the monthly total you receive.*
- Student loan - *Consider any provincial and/or national government loans/grants received.*
- Other loan - *This may include lines of credit, loan from a relative, etc.*
- Savings - *This may include past accumulated savings, RESPs, etc.*
- Study period income - *Study period is the ten month period you are enrolled in classes. Any anticipated part- time job income should be reported here.*
- Other income
