1.0 PURPOSE

- 1.1 The Student Code of Conduct (the “SCOC”) sets out rules and requirements for Student behavior both on and, in some circumstances, off campus. It also creates a framework for the enforcement of these rules and requirements.
- 1.2 NSCC Policies reflect values of the College and the culture that the College seeks to promote. Students are expected and encouraged to become familiar with and to comply with College Policies.
- 1.3 The SCOC is intended to encourage the development of all Students and to protect and promote the best interests of the entire College Community by creating a safe and respectful environment, conducive to learning and teaching, where Students can:
 - a) study, learn and work without unreasonable interference or disruption by other members of the College Community; and
 - b) be treated in a manner which is respectful, honest, and free from discrimination, harassment, or undue interference with their privacy interests.
- 1.4 Where Student behavior is non-compliant with the requirements set out in this Policy, the SCOC Policy and Procedures provide a mechanism for interventions or imposing sanctions in order to further support these goals.

2.0 SCOPE

- 2.1 The SCOC applies to all NSCC Students, as defined below, and all NSCC Student groups/associations. Guests, volunteers and participants in College events and activities are also expected to adhere to the expectations arising under this Policy.
- 2.2 It applies to conduct, including on-line conduct, originating on or off campus that occurs:
 - a) on any property which is owned or leased by the College or which is related to or being used for College events, activities or processes, including any location where a Student is attending or participating in a College-sponsored activity or event; or
 - b) anywhere but is directed at, or directly or foreseeably affects another Student or an Employee or the College itself; and which
 - c) violates a rule, requirement or expectation established under the SCOC;
 - d) violates a rule, requirement or expectation established under any other NSCC policy, program or school, where such other policy does not provide a penalty or procedure to deal with that violation; or
 - e) violates civil or criminal laws, where such laws do not adequately protect the College’s interests.
