

SHANNEX PATHWAY TO SUCCESS PROGRAM

FAQs

I'm waitlisted for the Continuing Care program. Can I apply for the Shannex program?

Unfortunately no. All Admissions requirements must be met upon the application deadline for the Shannex program. This includes a Criminal Record check and Vulnerable Sector check.

Is every applicant selected for the half day of job shadowing?

No. Applicants are chosen to advance to the half day of job shadowing based on the number of vacancies available and the quality of the essay submitted on the application. Those who are selected to participate in the half day of job shadowing will be contacted and scheduled by representative from Shannex.

How is the \$2000 bursary paid?

The bursary will be paid in three installments. \$500 will be credited to the student's account for the fall term upon completion of the bursary requirements (thank you letter, photo, social insurance number). \$500 will be credited in winter term upon verification of fall term grades. \$1,000 will be awarded upon successful completion of the program as a signing bonus to Shannex.

If I'm selected, do I have to complete all clinical placements with a Shannex facility?

If selected, you must complete the 110 hours of Skills Development and the 80 hours of Mentorship in with a Shannex facility.

If I'm selected but then change from full-time to part-time status, will I lose my Shannex sponsorship?

Unfortunately yes. To keep the sponsorship, you must remain in full-time studies and pass all courses and placements.

What happens if I am no longer eligible and I lose my sponsorship?

If you are no longer eligible, you will lose the sponsorship and you will have to repay any funds received from Shannex. This will be communicated to you by the NSCC Student Awards office.

If I am selected but I have questions about the program, who should I contact?

All questions about the program should be directed to the NSCC Student Awards Office. Students should never reach out to Shannex without permission from the Student Awards office.

I am enrolled in Continuing Care, but my campus is not included. How come?

While Shannex has many locations throughout Nova Scotia, unfortunately not all NSCC campuses have one that is within close proximity to that respective campus, therefore eligibility is restricted to those campuses with a Shannex facility nearby.
