ABOUT OUR STRATEGIC PLAN

Welcome to the NSCC Foundation's Strategic Plan, which serves to guide and inspire our work.

Building upon the momentum of *Make Way – The Campaign for NSCC* and the launch of a new Alumni Relations program for the College, the plan lays out where we are now, where we are going, and how we intend to contribute to the success of NSCC.

We have titled our Strategic Plan *Aspire & Inspire* because, as the philanthropic arm of Nova Scotia Community College, that is what we do – and what we will continue to do.

Our journey is purposefully aligned with that of NSCC. The College's priorities become the Foundation's priorities.

Ultimately, our aim is to help NSCC fulfill its mission through philanthropy, sponsorship and advocacy.

We are focused on engaging NSCC alumni and our donors, those who are passionate about opening doors to education, to harness their support for student success.

We want all those who believe and have invested in NSCC to be confident their generosity is having a positive impact on the lives of NSCC students and the future of Nova Scotia.

Our Strategic Plan can best be realized through the development of complementary Business Plans which each year spell out in detail our tactics for engaging donors, sponsors, partners and alumni to fulfill our mission of supporting NSCC.

To that end, we believe this road map will guide us effectively in doing that – and doing it well and with purpose.

We invite you to come along for the journey!

OUR PHILOSOPHY AND GUIDING PRINCIPLES

NSCC FOUNDATION

The NSCC Foundation (“The Foundation”) is a registered charity and the philanthropic arm of Nova Scotia Community College (NSCC). We are dedicated to improving access to education and helping students in financial need. With the support of the College, 100% of all donations go directly to supporting students. We believe in NSCC’s Vision that we are “transforming Nova Scotia one learner at a time.”

- We work with communities to create and fund innovative programming to grow the economy
- We ensure the responsible management and stewardship of all donor funds
- We direct the administration, investment and distribution of funds and resources held in trust for the benefit of NSCC and its students
- We connect our activities directly to NSCC’s Strategic and Business Plans

We endeavour to make fair, unbiased decisions and to be trusted stewards of donor funds, corporate sponsorships and philanthropic investments.

OUR WORK IN SUPPORT OF NSCC'S STRATEGIC PRIORITIES

NSCC's Strategic Plan, Here & Now, focuses on four major areas: Student Success, Community Impact, Academic Quality and Organizational Excellence. The NSCC Foundation aligns its work to support the specific goals in each of these areas.

STUDENT SUCCESS

Financial stress is a key risk factor in a student's ability to access education and remain in school. The NSCC Foundation supports student success through financial aid, and the positive impact on students' lives cannot be overstated. We will develop specific ongoing appeals which inspire donors to choose NSCC for their philanthropic investment. We will endeavour to match the charitable and sponsorship interests of supporters to the resource needs of NSCC and our students.

COMMUNITY IMPACT

Over more than 20 years, NSCC has grown considerably in capacity, impact and reputation. We have proven the transformational power of education. The NSCC Foundation will continue to strengthen communications and outreach to enhance the brand awareness of NSCC in the communities we serve. We will also cultivate relationships with new and existing supporters across Nova Scotia to increase funds secured.

ACADEMIC QUALITY

Excellence in teaching and learning is at the core of NSCC. By supporting specialized programming, the development of centres of expertise and innovation, and opportunities in experiential learning, the NSCC Foundation will enhance the resources available so students continue to learn, strive and thrive.

ORGANIZATIONAL EXCELLENCE

The NSCC Foundation is committed to organizational excellence and continuous improvements in our systems, processes and activities. By investing in service excellence and following best practices in fundraising, we will develop stronger relationships with our stakeholders and communities, and leverage funding to maximize impact.
