Student Works

The Student Works Program will give students the much-needed hands-on work experience while they are studying. Earn while they learn.

Students will be able to apply their skills to help on special projects and initiatives on Campus. Their work schedule will work around their class schedule.

The goal of this program is to help with job experience, skill- building, and earning a paycheck.

For information on the Student Works program, please contact:

Whitney MacLean: Whitney.Maclean@nscC.ca or Ben Trenaman: Ben.Trenaman@nscC.ca
